

Create, manage, and run online surveys easily and effectively with **Survey Manager Lite v4.2**. Survey Manager Lite is for the web master who requires the powerful survey creation and reporting features of our Pro edition but does not require complicated branching surveys.

Survey Manager Lite v4.2 comes with full system maintenance and is easy to configure. It has multi-question and multi-feedback option capabilities, as well enhanced export functions that allow you to save participant and survey databases into your local computer. The Survey Manager Lite's scalable and fully customizable interface ensures that you will have a reliable platform for your business' future growth and development.

A screenshot of the Survey Manager Lite 4.2 interface showing a 'Quiz' page. The page has a yellow background and contains several questions. The first question is 'Is this your first time visiting our website?' with radio buttons for 'Yes' and 'No'. The second question is 'Please select your properties of interest:' with a dropdown menu showing 'Downtown Lofts'. The third question is 'What is your price range?' with radio buttons for '100,000-250,000', '251,000-500,000', and '501,000 and above'. The fourth question is 'Please choose the best answer:' with a grid of radio buttons for options 'a', 'b', 'c', 'd', 'e', 'f', 'g', and 'another col'. At the bottom, there are 'Next >>', 'Save', and 'Abort' buttons. A footer contains navigation links: Home, About Us, Services, Preferred Vendors, Pictures, TBD, Contact Us, Site Map.

Survey Manager Lite 4.2 Main Features

Create User Friendly Surveys: Create easy-to-complete surveys that support a wide range of form input functions like radio buttons, check boxes, multi-line text boxes, and drop-down boxes. Users get immediate results feedback after completing the survey.

User Groups: Create an unlimited number of user groups. Your site users can be assigned to a specific group and be given access to surveys that are only appropriate for the specified group.

Create Topic Pages: Create an unlimited number of topic pages and sort surveys under them.

Public or Private System: Throw open your surveys to any site visitor or require and capture valuable login information before giving access.

Manage Participants: Survey Manager Lite 4.2 makes it easy to quickly track and report on a user's survey use and answers.
